

# Football Technologies Assistant

WE CARE ABOUT FOOTBALL

## Job information

Division / Unit: Football / Football Operations

Contract type: Permanent

Start date: 03.01.2024 or as soon as possible

Location: Nyon

## Main goal

The Football Technologies Assistant supports the Football Operations team in overseeing the correct use and implementation of the various football technologies, with a particular focus on VAR and player tracking for the relevant UEFA competitions. The position-holder collaborates to help the unit achieve its project objectives with the appropriate level of service and quality.

## Key responsibilities

- Support project management and coordinate the delivery of football technology services at the various UEFA competitions;
- Record, report, monitor and file incidents involving football technologies;
- Ensure that all suppliers provide all deliverables as stipulated in their contracts.

## Profile

Experience required:

- From 1 to 3 years' experience in a technical or data-related role in the sports industry

Education:

- Bachelor's University degree or equivalent

Languages:

- English / Proficient
- Any other European language in addition to English would be an asset

Additional requirements:

- Project Management / Intermediate
- Strong analytical and administrative skills
- A proven interest in football
